

History Unit Sets Marker On Boundary

Monument No. 1, marking the International Boundary between Texas, Mexico and New Mexico was dedicated Tuesday with members of the Dona Ana County Historical Society present for the ceremonies.

Located on the boundary in the smelter area near El Paso on the spot where Gen. Francisco Madero marshalled his forces for the capture of Juarez in 1911, the monument is to be a joint effort of four landmark organizations. Dona Ana County Historical Society will contribute a truckload of flag stone for construction around the marker.

Present for the dedication from Las Cruces were Miss Louise Garrett, president of the Dona Ana group, S.B. Chadman with his guests and Mr. and Mrs. Ewing who, without portfolio, represented the Kansas Historical Society.

Mr. Andrew H. Cohen came as the president of the Beautify El Paso Association, Mr. Leon Metz as president of the El Paso Historical Society and Mr. J.F. Friedkan for the International Boundary Commission.
