

SUN KING BRASS—The formal organization of the El Paso Sun Kings was completed Tuesday with the selection of Gene Autry, chairman of the board of directors of the California Angels, to be president of the El Paso team. Standing from left to right are John Phelan, Autry, John Stanful,

general manager of the Sun Kings and Rocky Bridges, field manager of the Kings. Phelan presented a gavel to Autry which was made from a Sun King bat and is a personal gift from Phelan to Autry.

Speakers Highlight Banquet

Two special speakers and announcement of the winner of the Sportsman of the Year Award will highlight the program for the annual Father-Son banquet of Temple Mt. Sinai's Men's Club Wednesday night at the temple.

Highlighted speakers will be Gene Autry, chairman of the board of the California Angels and president of the El Paso Sun Kings, in addition to being a celebrated star of radio, motion pictures and recordings, and Rocky Bridges, new field manager of the Sun Kings.

The Sportsman of the Year award tops a list of special presentations to be made during the program, honoring a number of El Paso athletes and sport figures. Identity of the winner has been a carefully-guarded secret.

Andy Cohen is to be master of ceremonies. Rabbi Floyd Fleiman will offer the invocation and Jay Mendeloff, president of the men's club, will welcome the guests.

Social hour for the affair begins at 6:30 p.m. A sellout crowd of more than 300 will be on hand.

Colorado Dumps Kansas

BOULDER, Colo. (AP) — Kansas foul with five seconds left in the game gave Colorado a 65-58 basketball victory over the seventh-ranked Jayhawks Tuesday night and moved the Buffs back into first place in the Big Eight Conference.

After trailing most of the game, Kansas tied it at 58-58 with 2:11 left and then tried to play control ball. But the Jayhawks lost the ball on a traveling violation with 16 seconds left.

With five seconds to go, Kansas' Roger Bohannon fouled Steve Rowe. Rowe sank the first of a 1-and-1, and Bob Bauers tipped in the missed second shot to clinch the game.

Campestre WGA Sets Tourney

The off time for the tournament will be 10 a.m. Pairings for the tournament will be made in the clubhouse.

Winners of the Rio Grande Pharmacy Ace, which was played last week, were Barbara Clark with 71 and Jane Lebert, 72.

Darling, Nelson Win EPCC Tourney

Silly Darling and Bonnie Nelson captured the best ball tourney played at the El Paso Country Club Tuesday with a low of 66.

In second place with a score of 69 was Betty Rae McVeigh and Ben Wender. In third place was Eva Feinberg and Ruth Freeman with a low of 70.

UTEP Miners-Wildcats Are Similar, Different

One team features a free-scoring attack . . . The other stresses defense . . . Both are stronger than rooster cement on the boards. This sizes up Saturday afternoon's bill of fare at Memorial Gym and something will have to give when the UTEP Miners resume action by hosting the Weber State Wildcats.

Tipoff time for the regionally televised game is 1 p.m. In the preliminary which takes off at 10:30 a.m., Coach Jerry Hale's Miner yearlings tangle with New Mexico Military.

Coach Don Haskins' Miners will place an impressive 11-2 mark on the line after taking a break for exams. The Wildcats had an 11-1 record prior to losing Seattle at Ogden Tuesday night.

The Wildcats have been scoring at a torrid 93.3 clip per game which, according to the latest national statistics, puts them fifth.

Coach Don Haskins' Miners, meanwhile, closed out the first half of their season by limiting opponents to 57.5 points per game which places them fifth in team defense.

Both clubs are strong rebounders. The Wildcats rank fourth nationally by posting off 385 per cent, getting 609 of 1,041, while the Miners are fifth with 379 or 586 of 1,015.

The Miners haven't been in action since tripping upset-minded West Texas State, 85-73, Jan. 10 at Canyon. Since that time the Miners have been buster than an alligator when the pond goes dry with exams.

The Miners reached the half-way point of their 36-game schedule by averaging 72.1 points offensively. And after a rather slow start, the Miners are now shooting 42 per cent from the floor, dropping in 248 of 587 tries.

Of the ones who see a great deal of action, Neill (The Shadow) Shad has the best field goal shooting percentage. The New York thin man has founeted in 56 of 113 attempts for a 51.3 effort.

David Lattin, the biggest member, and Willie Wootley, the smallest, are also holding hot hands at the present. Lattin, a 6-foot-7, 240-pound junior, has hit 19 of 46 for a 41.3 percentage while Wootley, 5-foot-9 1/2, junior, has canned 49 of 145 for a 47.6 mark. Wootley missed one game due to a back injury.

Considered as one of the best little men in college basketball today, Wootley has come on stronger than the national debt. In his last effort, the little guy broke West Texas State crazy with his ability to hit from outside. He shot down 14 of 20 enroute to a 34 point performance — the best individual effort since the days of Jim (Bad News) Barnes.

Wootley's effort bettered Lattin's 29 points against Cincinnati last season in the Midwest Regionals at Lubbock.

Bobby Joe Hill's ankle injury is a ill a question mark. The little All-American guard suffered the injury against Drake in the Sun Carnival tourney and has been a sideline observer since that time. Hampered by injuries all year, Hill had turned in his best effort of the season against Drake at the time of his latest injury.
