

Smiling Chuck Tanner Back

He'll Have Better Club This Time

Chuck Tanner, minus his crew cut, returns to El Paso after a year's absence to manage the Sun Kings.

You'll see him on the third base coaching line shouting encouragement to Sun King batters and base runners and going through all the motions that sign-makers give.

You'll hear him while he's in the dugout talking his pitchers into giving their best, cuing his catchers on foul ball chases.

YOU'LL BE able to talk with him before and after the games. He's friendly with everyone.

He's the enthusiastic and exuberant type of a manager. His enthusiasm for the game should rub off on his players and the fans.

He's a manager who'll be on good terms with every sports writer around the Texas League. While some managers may be a little standoffish with writers of other towns than their own, Tanner goes out of his way to be nice to all the writing and radio and television people.

CHUCK TANNER, for once isn't smiling. But the Sun Kings manager is a warm, friendly and enthusiastic manager.

TANNER HAD to suffer the growing pains of the California Angel organization in his first two seasons at El Paso. The Kings didn't have the material to make good runs for the pennant because the farm system of the expansionist Angels was still young.

This year Tanner will come to the Sun Kings with a contending club.

The 39-year old Tanner is a native of New Castle, Pa., and still lives there.

HE HAD a distinguished playing record in baseball. He played 17 years — as an outfielder, starting with Evansville in the Three I League in 1946.

The Pennsylvanian ran the gamut of baseball, performing in the small minors, the better-class minors, the high minors and the majors.

Tanner played on four major league clubs — The Milwaukee Braves, Chicago Cubs, Cleveland Indians and Los Angeles (now California) Angels.

SOME OF the highlights of his career: Led Western League in hits (195) in 1950; in 1951 hit safely in 29 consecutive games for Atlanta in the Southern; as a rookie for Milwaukee he became the second player in major league history to hit a home run on the first pitch of his first time at bat, as a pinch-hitter; was named Milwaukee's rookie-of-the-year; in 1959 he led the American Association in doubles (41), was fourth in batting (.319) and was named to the league's all-star team.

With 10 clubs in nine years he hit 300 or better for each of them. His high average was .361 with Eau Claire in the Northern League. His higher homer mark was 20, achieved with Atlanta in the Southern Association.

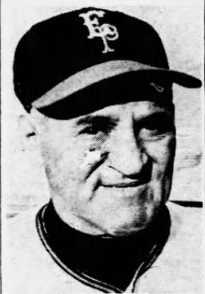

THE ANGELS rewarded Tanner after his two seasons of managing in El Paso, in 1965 and 1966, by putting him in as

Andy Cohen, Chuck United for 3rd Time

When Andy Cohen managed the Eau Claire club of the Northern League in 1946, he had a young outfielder by the name of Charles William Tanner, better known as Chuck.

Chuck had one of his brightest seasons in baseball that year, batting .361, a good enough job to boost him to Denver in the Western League.

field manager of the Seattle club of the Pacific Coast League in 1967.

Preferring to remain with the Angel organization this year after the sale of Seattle club which will go into the majors next season, Tanner was picked for the El Paso club this year. He got a raise for returning to El Paso and the Texas League.

Even without that, Tanner might not have been disappointed in coming back to the Sun Kings.

were re-united here in 1965 when Tanner became manager of the Sun Kings and Andy became the home first base coach.

They'll be re-united again this year. Andy again will be a coach of the Sun Kings in their home games.

Andy has had a distinguished baseball career, starting with Waco in the Texas League, replacing the immortal Rogers Hornsby on the old New York Giants, starting for seven years with Minneapolis in the American Association and having a successful run as a minor league manager.

HE ALSO compiled an exclusive record as a major league manager. He managed the Philadelphia Phils in one game — a winning game. He may be the only big league manager in the history of baseball to have a 1000 per cent record.

He retired from baseball — or thought he did a few years ago — to do public relations work with Dickshire Co. here. But the game had too much appeal to him and he returned to coach the U.T. El Paso baseball club and join the staff of the Sun Kings.

Sonics Manager Now in Coaching

Buddy Hancken no longer will be disturbing the Texas League with hard fighting Amarillo teams. The old time Philadelphia major leaguer is firmly entrenched as a catching and pitching coach for the Houston Astros.
