

Baseball Season Arrives On EP Sports Scene

GETTING INSTRUCTIONS—As he steps out of the dugout to take his practice swings Thursday, Charlie West gets last-minute instructions from Texas Western head baseball coach Andy Cohen and assistant O. C. (Krusch) Kruschwitz. West will start in the outfield and will be lead-off hitter in the Texas Western batting order when the Miners open their baseball season at 1 p.m. Friday in a doubleheader with University of Albuquerque at Dudley Field. —(Times Staff Photos)

Miners Open Play Friday

Texas Western baseball coach Andy Cohen plans to field a freshman and sophomore-dominated nine Friday when the Miners open their 1966 diamond schedule at Dudley Field against University of Albuquerque.

Game time for the first tilt of the doubleheader is 1 p.m., with a second game immediately after. Another twin bill with the same team is scheduled at 1 p.m. Saturday.

Admission is \$1 for adults, students through high school 25 cents and Student Association free to Texas Western students.

Five of the nine Cohen plans to start are lower classmen—three sophomores and two freshmen. Two juniors and two seniors will round out the starters.

Bill Sanders, a southpaw freshman from El Paso High School gets the opening game mound nod. The other freshman is Danny Blanco of Ysleta who will start at third base.

Sophomores, Charlie West and Phil Ottone, will get opening outfield spots. The third soph among the starters will be shortstop Robert Aguirre from Jefferson, a returning letterman.

Juniors with starting assignments are Larry McFarlin and catcher Chuck Stout. McFarlin, an outfielder, is a returning letterman and last season's leading hitter with a .360 average.

The only two seniors who will start are Jay Christopher and Bufo Morrison, both returning lettermen. Christopher is a first baseman and probably will bat in the clean-up spot. Morrison will play second base.

Cohen and his assistant, O. C. (Krusch) Kruschwitz expect to have 26 players in uniform for the opening contest.

The Miners compiled a 12-13 record last season and in his three-year history of baseball at Texas Western have a 40-41 mark.

Cohen and Kruschwitz have had their charges working six days a week since Feb. 7 in weather that has been anything but suitable for baseball. The last workout, before the season opener, was held Thursday in a cold

MINER STARTING NINE—The nine players who probably will start for Texas Western Friday in the baseball season opener with University of Albuquerque line up during practice Thursday. Left to right are Charlie West, outfield; Larry McFarlin, outfield; Danny Blanco, third base; Jay Christopher, first base; Phil Ottone, outfield; Bufo Morrison, second base; Robert Aguirre, shortstop; Chuck Stout, catcher and Bill Sanders, pitcher.

Mustangs Favorite In Southwestern Meet

Fort Worth. (AP)—Southern Methodist's crack relay teams command a feature role this weekend in the depleted university division of the Southwestern Recreation Track Meet.

The Mustang quartet of Chuck Evans, Marshall Edwards, Jim Bankhead and Glen Gossett sped through two triangular events without defeat in the mile and 440-yard relays.

The Methodists clocked a 41.7 in the 440 last week while registering an unspectacular 3:19.0 in the mile.

The university division drew only three additional entries—Texas Christian, Texas Tech and Arlington State. The two-day track and field show begins Friday with competition restricted to the high school division.

The schoolboys will be joined Saturday by contestants in the university, college and junior college-freshman divisions.

Despite its lack of quantity, the university class will not be without quality. Top performers include SMU's Jerry Utecht, Bruce Cameron, Bankhead and Clayton; TCU's Roger Hunt and Buzz Gardner; and Texas Tech's Ed Mooney, Art Carroll and Ronnie Davis.

Tech's Clark Willingham could press the Mustang duo.

SET RECORD
Hunt, the TCU senior who set a record in the indoor 1,000 at the recent Will Rogers games, won the 880, mile and 2-mile in his first tri-meet.

Last week he hit an all-time low of 4:17.4 in the mile, which he ran only once last year.

Hunt and Davis could have an interesting duel in the mile. Davis took the 3-mile SWC title for Tech last year and has done 4:10.3 in the mile.

Mooney won both the shot and discus national junior college championships last year with marks of 53-6 3/4 and 170.0.

Texas Southern looms as the class of the college division,

Montreal Refuses Title Bout

Montreal. (AP)—The Cassius Clay-Ernie Terrell heavyweight title bout, rejected by New York and booted out by Chicago, ran into another snag Thursday night when an official of the Montreal Athletic Commission said the Montreal Forum has refused the fight.

Commissioner Paul Emile Sauvageau told reporters at City Hall that Frank Selke Jr., an official of the Canadian Arena Co. which owns the 15,000-seat Forum, telephoned the commission to announce that the Forum would not be open for the bout.

Selke had said previously that the Forum would be available because it had already planned to show closed-circuit television coverage of the fight.

Other hitches apparently developed during the evening, after commission members had agreed "in principle" to the controversial match.
