

## Stan The Man

Musial leads the National League in most doubles and most total bases. He is only 96 behind Mel Ott in the runs scored department, and 227 behind Wagner in hits. Both marks would be within reach for Stan with a good year in 1960 and a token performance next year.

Besides Musial, there's only one other present day player who leads a batting department in the senior circuit. That's Willie Mays. His .590 slugging mark tops Rogers Hornsby's .578.

**The Philadelphia Phillies have finished in eighth place 18 times. And don't say it's impossible for the Phils to wind up in the cellar three years in-a-row. From 1938 through 1942, five consecutive years, the Phillies finished last.**

During his career, Robin Roberts has won more games than he has lost against all National League teams except the Dodgers and Giants. Al Dark, the new member of the Phillies, boasts the highest lifetime average on the club, .291.

Eddie Sawyer will wear No. 24 again. The new coaching staff will have these uniform numbers: Ken Silvestri (31), Dick Carter (21) and Andy Cohen (39).
