

THE MAYOR'S YUCCAS—Mayor Bert Williams, left, plants two Spanish Dagger Yucca plants at the “Five Point Beautification Park” project of the Beautify El Paso Assn. The plants were added to the park by the association in honor of the Mayor and his wife Barbara. Shown with the Mayor are association president Andy Cohen, and Mrs. Charles V. Christensen. The association hopes the plantings will serve to focus attention on the need for El Pasoans to beautify the sun city.
