Cohen Ousted As Pilot At Indianapolis

INDIANAPOLIS (INS) — Ownie Bush, president of the Indianapolis Indians, today announced the release of Andy Cohen as manager, but said no arrangements have been made as to his successor.

Bush said:

"This has been one of the hardest things I've had to do in baseball. Andy is a good friend of mine, but he didn't turn out to be my style of manager. He took it real good and there's no hard feeling between us."

Cohen came to the Indianapolis American Association baseball team this year after two years at New Orleans. He also managed Denver for several years. The Indians finished sixth this year.

Cohen said:

"I have nothing in mind for the future. They want me back in Panama to manage a winter league team, but I think I'll pass that up and spend more time with my family. I'm going to El Paso today for a visit with my mother, and then I guess I'll just go job-hunting."
