

Miners Face ASU In Series

If it wasn't for the fact that his Miners must face double tough Arizona State in a three-game series this weekend, Coach Andy Cohen would, no doubt, feel good about the way his Texas-El Paso baseballers opened Western Athletic Conference play.

The Miners chilled the New Mexico Lobos in two of the three opening game series at Albuquerque last week and now are tied with Arizona State for the southern division leadership in the WAC. Both the Miners and ASU stand 2-1 after the Sun Devils swept two of three from Arizona last week.
