

BEAUTIFY EL PASO — Beer cans littering city streets and yards do little toward projecting a favorable image of El Paso, so Memorial Park School and Adolph Coors Co. are doing their part with Beautify El Paso Association to gather up the offending metal. John de Frank, who is official can crusher at the school, helps keep El Paso clean,

with encouragement from Mrs. Edith Zanker, left, of Memorial Park; Mrs. Shirley Christensen, secretary, Beautify El Paso Association, and Andy Cohen, El Paso sports and civic figure, and president, Beautify El Paso Association. Coors offers the school 10 cents a pound for crushed cans.
