

THINGS may get a bit confusing in the Southern Association this coming season when Nashville and Mobile meet. Ernie White will manage Nashville while Joyner (Jojo) White will lead Mobile. They are the only two new managers in the class AA league this year. Other SA pilots are Cal Ermer at Chattanooga, former Dodger pitcher Clyde King at Atlanta, Phil Page at Birmingham, Steve Sauchock at Little Rock, Jack Cassini at Memphis and Andy Cohen at New Orleans.

FROM the way the baseball teams are holding meetings. It begins to look like we will have plenty of baseball very soon Good Morning!
