President Mel Jones of St. Paul has scheduled a day-night opener for the new Snelling stadium April 25 against Wichita.

"We'll play a daylight opener and then a night game for the fans who couldn't get off work in the afternoon," Jones explained . . .

The American Association schedule adopted in Chicago Saturday, was not the brain-child of George Brophy, Minneapolis business manager, but rather an adaptation of one drafted by Earl Howsam of Denver . . .

Red Davis, new Miller manager who will make his first local appearance at the baseball banquet here next Monday night, is battling to return Escogido to the top in Dominican Winter league play. Escogido dropped to second, three games behind Ed Lopat's Licey club and the sea-

son ends Feb. 1 . . .

Pete Burnside, Minneapolis southpaw who will get a shot with the parent Giants again this spring, is the top winner in the Dominican circuit with 10 victories . . .

Minneapolis opens at Indianapolis April 16 and with Indianapolis at Metropolitan stadium the afternoon of

April 25. The opener involves the AA managerial debut of an old Miller favorite, Andy Cohen, the Indians' new skipper . . .

Louisville has asked for a list of players from each club who might become available in the two-player commitment each team in the AA must supply the Colonels before opening day . . .
