

Cohen Back In N.Y. Baseball With Yankees

ST. PETERSBURG, Fla. (AP) — Andy Cohen, after 30 years, is back with New York. Only this time he is a member of the Yankee organization instead of the Giants.

How many fans remember Andy Cohen and his remarkable debut with the Giants on opening day, April 15, 1928.

Cohen, a dark-skinned, black-haired rookie up from Buffalo, nervously stepped into the big shoes of Rogers Hornsby at second base and, almost at once, captivated the town so completely that the fans forgave Manager John McGraw for trading away the great Rajah to the Boston Braves.

The inspired 23-year-old Cohen clouted a single, double and home run off the Braves' star pitcher Bob Smith. He drove in three runs and scored the other in the Giants' 4-2 triumph. He continued his sizzling pace for several weeks.

Unfortunately, he was no Hornsby and his fall from grace was almost as speedy as his rise. Within two years the compact little Texan from El Paso was back in the minors.

Today, 30 years older and at least that many pounds heavier, he is manager of the Yankees' Denver farm club in the American Assn. During the past two weeks he has been assisting Casey Stengel and his crew of coaches and minor league pilots in the instructional course for Yankee hopefuls.

"This will be my 15th year as a manager," Cohen said, "and I thought I knew a little bit about this baseball business. But what an education I've been getting just listening to Casey and the others. No wonder the Yankees keep on winning pennants. This is where the Yankee success originates. Right here. Never in all my years have I seen such an efficient method of teaching, attended such interesting meetings and listened to such thorough lectures and coaching techniques."
