

Mauch May Be Disappointed

It's baseball time again and what a rousing, zany start the National League has gotten off to.

It took only one game for Manager Eddie Sawyer to call it quits with the hapless Philadelphia Phillies, making his the shortest "season" for any manager.

Andy Cohen took over the Phils for one night and "masterminded" a 5-4 victory over the Milwaukee Braves—retiring as perhaps the only undefeated major league manager in history.

Along comes young, smiling Gene Mauch, former Los Angeles Angel, to take over the reins at Philadelphia. He commented upon his arrival in the City of Brotherly Love, "the only kind of baseball I like is the winning kind, and that's what I expect my team to do."

So what does his team do its first outing under his direction? Takes a 13-3 pasting from the Braves. It may be an awfully long season, Gene.

Fiery Chuck Dressen takes over the Milwaukee Braves and promptly announces he'll use aces Lew Burdette and Warren Spahn as bullpen pitchers on occasion.

Then comes Manager Bill Rigney at San Francisco "com-

plaining" through a long story about having "too many" good pitchers—he should be so unfortunate.

Manager Walt Alston of Los Angeles gets into the act, bemoaning the weak hitting of his defending champions—who had gotten off on the wrong foot with "only" a 2-1 record for the first three games.

The thrilling, controversial start of the National League has completely overshadowed the final spring training antics of the American Leaguers and will make their openers strictly second rate.

And, what gives with New York City, dubbed by Red Smith the "greatest baseball market in the nation?" Only 3,500 of the faithful turned out yesterday to watch the New York Yankees and Boston Red Sox play the first baseball game of the spring in the sprawling metropolis.
