

U.T. Miners Postponed On Diamond

UTEP'S baseball opener with Hardin-Simmons was postponed today due to wet grounds at Dudley Field.

The Miners, under the tutelage of Andy Cohen, will open the season tomorrow with a 1 p.m. twinbill against H-SU at Dudley, weather permitting.

"The field suffered some damages with the recent snow and rains," Cohen said today. "We're hoping the sun will come out today and dry the field off enough to allow us to play tomorrow.

Cohen admits optimism at the upcoming season and stated that he was disappointed at the postponement. "I think we are all anxious to get underway and see where we stand," Cohen stated. "I hope we can determine something tomorrow."
