

Knox Was 'Groomed' For Win

Bob Knox had been primed just right.

Andy Cohen, coach of the U.T.-El Paso baseball team, had been grooving Knox all season long. Cohen was going to start Mike Kruta yesterday against Denver University, but felt it was time for Knox.

And it was.

Knox scattered six hits and struck out 10 as the sophomore helped the Miners top Denver 7-0. The Miners record is now 7-4 while Denver is 0-1.

"HE PITCHED one of the best games I have ever seen," said Cohen of Knox. "He took command early and stayed ahead of the hitters. I had been grooving Knox in all season and felt that yesterday was just time for him to pitch."

Knox was 0-1 last year with a 5.40 earned run average. He is one of the reasons the Miners' team era for the year is a low 2.33. U.T.-El Paso foes have allowed only 3.32 earned runs per game.

The Miners had good hitting performances from Herb Von Hagen and Terry Baker. Von Hagen had two hits and drove in one run while Baker had a key double in a four run outburst by the Miners in the sixth inning.

"SINCE IT was Denver's first game of the season," Cohen pointed out, "it was understandable to see the errors they made. We have made so many in the past couple of years like that. Denver's third baseman made two bad errors in that four-run sixth inning that helped us score the runs."

The Miners needed only the run that Larry McKay scored in the first inning. McKay walked, stole second base, moved to third on a ground out and scored on a double steal.

Cohen announced today that senior Barry Alburtis, who has been out the last couple of weeks with an injury, would be back in the Miner lineup soon.
