Too Many Fast Balls— Andy Sees Pitching Mix Need

Andy Cohen believes his U.T.-El Paso pitchers learned a lot in dropping a three-game series to Arizona State University last weekend. And he thinks that his moundsmen will be ready for the Sun Devils' trip to El Paso next week.

Arizona State swept the series 5-2, 25-3 and 9-4 to raise its season record to 36-5 and its Western Athletic Conference record to 6-0. U.T. El Paso is now 17-14 and 2-4.

"WE SHOULD have given them a better battle," remarked Cohen, "but instead of our pitchers trying to mix up the pitches a bit, we tried to blow the ball past them. Bob Knox was the only pitcher who really did well. He pitched 6 1-3 innings of smart baseball.

"Mike Kruta pitched well for four or five innings in our 9-4 loss, but he started to hang a curve and they (ASU) really belted it."

Cohen was disappointed with his team's fielding in the series. He was pleased with the hitting of Mark Miller and Glen Villarreal.

HE REPORTED that first baseman Barry Albutis was still hurting from reinjuring his shoulder while diving for a ground ball Friday night. Cohen did not know when Albutis would return to the lineup.

Pitcher Ray Greggerson, who punctured his pivot foot on a water sprinkler, did pitch in Saturday night's game and "looked pretty good", according to Cohen.

"The thing I was most impressed with ASU was their pitching staff. Ed Bain, Jim Otton and Jim Umbarger all pitched well for Arizona State."

The Miners will host the University of Arizona in a three game WAC series Friday and Saturday at Dudley Field.
