

Lighting Affects Miner Catcher

By DERRY EADS

Mike Hilton is snake-bitten. Hilton, 5-5, 150-pound south-paw hurler for U.T.-El Paso's baseball team, saw his record drop to 1-5 last night as the Miners lost 2-1 in the second game of a doubleheader to New Mexico State.

The Miners won the first game 14-3.

U.T.-EL PASO visits the University of Arizona for a three-game series in Tucson Friday and Saturday.

Hilton has lost three one-run low-scoring games this year and last night's defeat was a heart-breaker for both runs that the Aggies scored were unearned.

New Mexico State's Mike DeVaney and Larry Tuttle crossed home plate the same way—the Miners' catcher Pete Schaffer gave up a pair of passed balls in the second and third innings to allow the Aggies to score from second base.

"THAT WAS a tough loss for little Hilton," commented Miner coach Andy Cohen. "I think that the poor lighting had a definite effect of Shaffer being able to see the ball."

The lighting also affected the Miner hitters who, after spearing 17 hits in the opener, were held to only five in the second contest.

Barry Alburtis hit 5-5 for U.T.-El Paso in the opener. Designated pinch hitter Bog Downing enjoyed his finest game of the season as he had two hits and drove in three runs as did catcher Tim Peden.
