

Andy back, Miners play Arizona Cats

Andy Cohen rejoined his U.T. El Paso baseball team today after illness of his wife Barbara forced him to miss the team's trip to Albuquerque to play New Mexico last week.

The Miners were directed by Andy's brother Sydney Cohen, and former Miner star, Jeff Hogan. Mrs. Cohen was recovering from her illness.

The Miners were 1-2 on the New Mexico trip, losing the opener 9-4, winning the second game 8-6 and losing the third game 3-0.

A BASES loaded homer by Jerry Walker helped the Miners score their victory. Walker pitched good enough to win the second game of the twinbill but did not get any runs.

The Miners will play Arizona in a single game Friday at Dudley Field and will meet the Wildcats in a twinbill Saturday, starting at 11 a.m.
