

Shreveport collects 21 hits

Diablos lose slugfest

By JIM THOMAS

It was a marathon slugfest last night in a three hour and 22 minute Texas League game played at Dudley Field.

More balls were batted around the park than Carter has pills. Unfortunately for the Diablos, Shreveport collected most of the hits at the right time and outlasted El Paso 12-10.

Andy Cohen, former U.T. El Paso baseball coach who retired prior to the past season, is being lured out of retirement. Cohen will be in uniform tonight and coach first base for the Diablos the remainder of the season. El Paso's ace Joel Crisler (5-2) will start on the mound for tonight's 10¢ hot dog game at 7:30.

The Captains banged a total of 21 safeties, all being singles except for a

doubles by catcher Bob Kearney and designated hitter Steve Wilkins. The Diablos' bats weren't all that quiet either. El Paso collected 14 hits.

EL PASO would get a lead and then lose it the next inning. Shreveport would also get a lead only to watch the Diablos rally back the following inning. The lead changed hands four times before the Captains pulled out the victory.

Trailing 4-1 going into the bottom of the third, El Paso exploded for three unearned runs when it took advantage of two errors parlayed with runs scoring singles by third baseman Steve Lubratich and Brandt Humphry. Shreveport pulled ahead 5-4 in the top of the fourth before the Diablos rallied with three runs in the bottom of the inning capped by a two-run homer by rightfielder Mark Brouhard. It was Brouhard's eighth homer and his third in consecutive nights.

SHREVEPORT tied the score at 7-7 with two in the fifth but El Paso came right back in the bottom of the sixth to move ahead 9-7. The Captains came back with three runs in the seventh and added insurance runs with two in the ninth.

favor of reliever Mike Stover in the fifth and Charlie Phillips was called into pitch with two outs in the ninth. Phillips delivered a pitch to Wilkins who bounced the ball off the scoreboard in right field. The two runs, though, were charged to Stover.

On the announcement of Cohen as a new coach, El Paso general manager Jim Paul said "it's one of the smartest moves we've ever made. He will be a functional first base coach and he will assist Moose (manager Larry Stubing). His brother, Sid, will be a bullpen instructor."

Shreveport evened the current series at two games each. The Captains' final game of the regular season with El Paso tonight. Tulsa comes to town for a five-game homestand beginning tomorrow.
