

Good Morning, Sun Country

By WILLIAM I. LATHAM

PRAYER FOR THE UNITED STATES

Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection; that Thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to government, and to entertain a brotherly affection and love for one another and for the citizens of the United States at large; and finally, that Thou wilt most graciously be pleased to dispose us all to do justice—to love mercy and to demean ourselves with that charity, humility and pacific temper of mind, which were the characteristics of the Divine Author of our blessed religion, without an imitation of Whose example in these things we can never hope to be a happy nation: grant our supplication, we beseech Thee, through Jesus Christ, Our Lord. Amen.

—George Washington

ON MONDAY HOLIDAYS

Did you know that 1971 will be the year of the first Monday holidays by law? And that in 1971 we will have eight three-day weekend holidays?

For instance, did you know that Washington's Birthday would be celebrated on Feb. 15, instead of Feb. 22 as before? That's the date according to the Uniform Holiday Act going into effect Jan. 1 for the federal government and most states.

Other special holidays, under the act, are May 31, Sept. 6 (Labor Day), Oct. 11 and Oct. 25. Add to these New Year's, July 4 and Christmas, which will be long weekends for most.

It adds up to eight three-day weekends in 1971. It can never be less than five, according to the new law.

To those who work at firms that observe all such holidays, the weekend holidays will be popular. To those who work on newspapers, which publish seven days a week, they will be of little interest.

midnight Sunday, so drive carefully. Don't wind up a statistic now.

BACKS RELIEF FOR POWs

Tying in with the recent release of the list of American prisoners of war held by Hanoi, this note came from Mrs. B. F. Stevens, 217 Blacker:

"Here is a clipping from our grandson about POWs. Perhaps you could use it to promote more letters from El Paso. Peter Herlin is the son of Peter Herlin and our daughter, Betty Stevens." (The Herlins live in Port Arthur, Tex.)

The clipping is in the form of a letter from young Herlin, addressed to the Port Arthur News, Dec. 9. It reads:

"I received a newspaper clipping from The News concerning the effort to obtain release of American POWs. I want to express my thanks for your efforts and those of the people of Port Arthur. Thousands of letters have come to the Academy recently and over 10,000 letters came today.

"The brigade of midshipmen presented our letters along with those from West Point and elsewhere to the families of the POWs and MIA's at half-time at the Army-Navy game.

"We hope to make America aware of the POWs' plight and gain additional support.

"The brigade appreciates your help, and I would like to urge my fellow Port Arthurans to support America's POWs.

"Midshipman Peter Herlin,

"U.S. Naval Academy,

"Annapolis, Md."

I am glad to do all I can to help promote letters concerning our POWs. I think Hanoi is beginning to realize that Americans do care about these men.

EL PASO TAKES LEAD

El Pasoans brought a staggering 97,180 pounds of aluminum during August and September to Dickshire, Inc. to boost that firm into first place among all Coors distributors for aluminum recovery during the first nine months of 1970.

Dickshire's total for 1970 then stood at 162,540 pounds of aluminum ... some 3.7 million empty cans.

In second place, and not far behind, was a Midland, Tex., firm, DKT Co., with 145,508 pounds.

Dickshire has another honor, too. Andy Cohen, former major league baseball player and a salesman for Dickshire, is the president of Beautify El Paso Association. Andy certainly seems to work at his job — rather at both jobs!
