

**I BET YOU
DIDN'T KNOW**

By Sam Ziffrin

Here's an interesting baseball puzzler for you . . . Suppose a batter is at the plate with two strikes . . . The next pitch comes in and the batter swings and misses—but, at the same time he swings, the ball hits him . . . What's the ruling? . . . Is it a strikeout or is it a hit-batsman with the batter entitled to go to first base? . . . Baseball rules say that if you swing and miss at a pitch at the same time that the ball hits you, it is not a hit-batsman, but it is a strike.

Did you know there was once a major league baseball manager who never lost a game? . . . His name was Andy Cohen and he retired undefeated . . . It happened in 1960 when Eddie Sawyer resigned as manager of the Phils after the first game of the season and Cohen took over for the next game . . . He won it . . . Then he stepped aside as Gene Mauch joined the team to become manager . . . That was the only game Cohen ever managed in the big leagues and he bowed out with a perfect record.
