

First El Paso Work is Slated; UTEP Tomorrow

Los Diablos are here and some of them are "viejos" as far as El Paso fans are concerned.

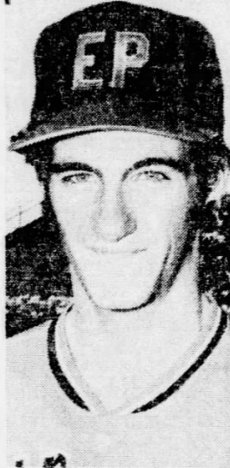

While strangers make up the biggest part of the squad, nine players who performed for the Sun Kings in 1973, are back to give the team part of a familiar look.

Dave Garcia, arriving from his home in El Cajon, Calif., scheduled a workout tonight at Dudley Field. And tomorrow night, the Diablos will face Andy Cohen's Miners in an exhibition as a prep for their opening TL game Friday night against Amarillo.

THE NINE MEN who are returning to Dudley Field are: pitchers Larry Gierks, Frank Kenyon, Sid Monge, Mike Browne, Jack Donovan and Don Kirkwood, first baseman Dan Briggs, third baseman Ron Jackson and outfielder Frankie George.

Kenyon, the little lefty who looked so sharp here in the latter stages of the 1973 season after coming from Salinas, will open the season for Los Diablos Friday at Dudley Field.

New pitchers on the squad are James Emery, John An-

FRANK KENYON

drews, Jim Officer, Ken Barker and Gary Murphy.

GARCIA IS ANXIOUS to show off El Paso's new second base combination of Remy Gerry at second and Orlando Ramirez at short. Jackson will be at third and Briggs at first. In the outfield, Garcia will have Marty Friedman, and Frankie George and John Bulaz with Carlos Lopez as utility. Utility infielder is Dan Beerbower.

Amos Gilcrease, 215-pound native of San Diego, is the starting catcher, backed up by Rocky Jordan.

Most of the Diablos arrived in El Paso yesterday.

They had a month of good spring seasoning under a warm California sun and according to Garcia are ready for the season. He predicts his team will be a strong TL contender.
