

LARRY (MOOSE) STUBING

The 'Moose' Back in E.P.

One of the most popular players to ever wear the Sun Kings flannels, Larry (Moose) Stubing, will make Dudley Field his home again this season.

"Moose" last played for El Paso in 1964 but has been a too frequent visitor when playing against the Sun Kings. Last year, playing for Arkansas, "Moose" contributed timely home runs more than once to sink the Kings and lead the Travelers to the Texas League pennant. Moose and Winston Lelas the Kings tied for the Texas League home run championship with 26 each.

Following the 1966 Texas League season "Moose" had planned to retire and moved to El Paso to make his permanent home. He purchased one half interest in the Hamms Beer Dis-

tributorship and decided to become a businessman. This all took place before the Angels purchased the Sun Kings.

THE ANGELS, realizing the potential of Stubing in Dudley Field, made a strong bid for the slugger. A deal was consummated with the St. Louis Cardinals to secure the services of Stubing and the next hurdle was to get "Moose" to come out of retirement to play for El Paso. It was not easy. Certain problems had to be solved to his satisfaction before he could sign the contract that made him the highest paid player in the Texas League and most likely Texas League history.

Stubing, a first baseman, is expected to see most of his action from the outfield. Young Jim Spencer has been named the Kings starting first baseman. Regardless of where Stubing plays his value will be felt in El Paso. Stubing is also going to assist Manager Bridges and coach Andy Cohen as a player coach.
