

'66 Season Marks City's 6th Year in Organized Baseball

When action gets under way in the Texas League this week-end it will make El Paso's sixth anniversary back in organized baseball.

Once again this season the ball club is being sponsored by the non-profit community organization, El Paso Sports Assn. Inc.

A UNIQUE organization in sports, the Association consists of 40 local business and professional men who underwrite the local baseball operation.

Bride's Ring 29.50

All of the members are sports boosters, and they volunteer time, effort, and money to keep organized baseball in El Paso for fine family summer recreation.

El Paso Sports Assn. has had an up and down career with some really fine moments, and more than its share of problems.

BASEBALL came back to El Paso in 1961 when the community fielded a team in the now defunct class D Sophomore League.

In 1962 El Paso jumped to the Class AA Texas League and fan enthusiasm hit a new high when that ball club won the Texas League pennant. Something, incidentally, which Tulsa was never able to do in its many years in the Texas League.

The year 1963 was another strong year when an all-star cast of sluggers tore down fences all over the league to set a new Texas League home run record.

MANY PLAYERS of major league caliber have played at Dudley Field over those five years. Included are Mickey Mota with the Giants and Pirates, Vic Roznovsky with the Cubs, and now Baltimore, Jesus Alou with the Giants, Charlie Dees with the Angels, Cap Peterson with the Giants, Randy Hundley with the Giants and Cubs, Jose Cardenal

with the Giants and Angels, Bob Chance with the Indians and Washington, Carl Boles with the Giants, and Jerry Robinson with the Giants.

Very few changes have been made in El Paso Sports Assn.

since it's beginning. As El Paso heads into a new baseball season John Phelan heads up the group as president.

The vice presidents include Andy Cohen, Harry Elliott, and Jack Niland.

MOUND MAN—A new addition to the Sun King roster this season is right hander Rick Pulliam. He's one of 10 pitchers on the El Paso roster for the start of the 1966 baseball season. Pulliam was 1-1 with Yakima last season as he gets his professional baseball career underway.
