

Hack Named Denver Manager

DENVER (AP) — Stan Hack, former Chicago Cubs manager and a Cub infielder for 16 seasons, was named manager of the Denver Bears of the American Association Saturday.

Hack, who will be 49 on Dec. 6, was a coach for the St. Louis Cardinals the last two seasons. He succeeds Andy Cohen as skipper of the Denver club at a time when the Bears have ended their four-year affiliation with the New York Yankees. So far they have not tied up with any other major league team for the 1959 season.
