

Denver Acquires Zick From Cubs

DENVER, COLO. (INS) — The Denver Bears said Wednesday right-handed pitcher Bob Zick has been purchased conditionally from the Chicago Cubs.

Zick, who started with Des Moines in 1953, played with Beaumont and Los Angeles after a brief shot with the Cubs in 1954. Last year he was on the voluntary retired list.

Denver's 1953 manager, Andy Cohen, called Zick "the best pitcher in the Western League." He had a 14-12 record and a 2.96 earned-run average with Des Moines.
