

Miners Thwart Wildcats

(Continued From Page 1E)

Arizona's favor as the Miners fell behind 3-0 after one inning. But by the seventh inning, again, the score was in UTEP's favor.

Trailing 5-3, the Miners scored one run on a throwing error followed by Sal Flores' two-run triple high off the wall down the line in left.

Another five-run rally after two were out was in order for UTEP in the eighth.

Rusty Kennedy singled and Bradford cleaned the bases with his four-bagger. Dillingham doubled, Dwinell walked and winning pitcher Wes Zotz helped his own cause with a two-run double and later scored on another extra base hit by Flores.

"After being embarrassed up there, it's great to win these two games," said Zotz. "It'll give us a lot of lift for next week."

"You can't say enough good things

about the entire team's effort," added Cohen. "Flores and Cordova played tremendous ball.

"I was tickled to death just to win the first game but two? It's unbelievable."

Indeed, it was a day to remember on the UTEP record books. Football had its moments in 1965 when Bob Wallace caught a Billy Stevens pass in the closing seconds of a game against Utah and rambled the length of the field to eventually nip the Utes 20-19.

A year later, basketball had its moment when the Miners captured the NCAA championship over Kentucky. Track's best moments were in 1975 when NCAA titles came in the indoors, outdoors and cross country.

And now there is finally a place for the UTEP baseball team who is now 25-19 for the year but only 2-10 in conference play. Arizona fell to 35-22 and 8-4 in the WAC.
