

Miners Visit Arizona

Special To The El Paso Times

TUCSON, Ariz. — The Western Athletic Conference schedule doesn't get any better for the University of Texas at El Paso this weekend.

Friday, the Miners open a three-game road trip here with a 7 p.m. game against the Arizona Wildcats who currently share the Southern Division leadership with Arizona State with 3-0 records.

UTEP and New Mexico are both 0-3 after the first weekend of conference play.

Miner coach Andy Cohen indicated he might start Jerry Walker on the mound in Friday's single game. The junior has the best earned run average among active Miner hurlers with a 2.15 mark. He is 3-1 for the season and has yet to pitch in a conference game.

Walker has been playing first base regularly because his pitching arm has been sore. Starting in his place will be Dan Feagler, the team's top hitter with a .391 batting average. Walker's .356 average ranks second followed by center fielder Bob Alsup at .353.

Alsup enters the series needing one stolen base to break the UTEP record of 12 for a season.

Arizona's Les Pearsey had a hot streak last week against the Lobos, rapping seven hits in 12 at bats and knocking in nine runs with four doubles, two home runs and 17 total bases.

The Wildcats are 29-6 overall while UTEP is 22 and 14 after splitting a doubleheader with New Mexico State earlier in the week.
