

UTEP Hosts UNM

For a last-place team, the University of Texas at El Paso certainly has several incentives going for it when the Miners host New Mexico for a three-game series beginning at 7:30 p.m. Friday at Dudley Field.

"We need to win two of them to stay out of the cellar," said Miner Coach Andy Cohen. "We only need one to end up with a .500 record and have the most victories of any other team in UTEP history."

One of UTEP's two Western Athletic Conference victories was against the Lobos earlier in the season in Albuquerque but since that time, the Miners have lost seven WAC games in a row.

UTEP's overall record currently stands at 26-24 and 2-13 in conference while the Lobos have assured themselves of a winning season with a 29-24 record but only 3-12 in WAC.

Cohen indicated that junior right-hander Jerry Walker, who has experienced some soreness in his shoulder, will be on the mound for the Miners.

Both teams concluded the 1978 season with a Saturday afternoon doubleheader.
