

Of Miners— **SI Seen As Best Opponent**

Coach Andy Cohen's U.T. El Paso Miner baseball team will have its work cut out for it Wednesday when the Miners meet Southern Illinois University at Dudley Field.

"This is probably the finest team that we have ever faced," Cohen said. "They've just in a double header from Oklahoma University and they finished second in the nation last year to UCLA."

FIRST BASEMAN Larry Currie and right fielder John Miller are the only undecided starters for Wednesday's contest. Miller had an infection before last week's series with Northern Arizona and Currie became ill after Friday's game.

Saturday the Miners were the victims of a lucky break. Northern Arizona had them down 6-2 going into the fourth inning. The game was called due to blinding snowstorm.

"They were the best hitting ball club we have faced so far," Cohen said. "It was a lucky break for us and a bad one for them." The snow-out kept the Miners seven game win streak alive.
