3 Things Sought By Miners

By MIKE PEMBERTON

When the U.T. El Paso Miner baseball team hit the diamond today against Colorado State College its hopes were high for three things that didn't materialize in a 9-7 loss to Southern Illinois University at Dudley Field yesterday.

Coach Andy Cohen wanted to get another eight game winning streak started. Second he hoped the best part of his game, pitching, is back in a true form and third he hoped for some bases loaded hits.

The scheduled double-header between the Miners and Colorado State College tomorrow has been changed. Due to a schedule mix up there will be only one game instead of a double header. The starting time will be 2:30 p.m.

THE SALUKIS, yesterday broke up Cohen's and the Miners' win streak when they unloaded a lumber yard in the Orange and White's backyard. It gave the Miners an 8-3 record.

The Salukis began the hunt in the second inning when they collected two runs off starter Ron Peterson on a walk and two doubles. They continued the barrage of long hits on a series of Miner hurlers to the top of seventh inning when Bill Clark zeroed in on a Don Wilson curve ball that cleared the left field fence.

THE MINERS, as Cohen said, "never gave up despite the score," tied the game once and looked as though they were going to pull it out in the late innings with their own barrage which began in the eighth inning.

With one out Dick Butler came to the plate and smacked one off the field wall for a double. When the inning finally ended the Miners had collected a total of five runs on two more hits and two walks.

THE MINERS came to bat in the do-or-die last inning, but a double-robbing catch by Jerry Smith put out the fire. Butler again was the man who started the rally with a hit. John Miller was the man who was robbed when he hit to deep left field.
