

Miners Making Big Plays

When Andy Cohen's U.T. El Paso Miner baseball team met Colorado State University in the first game of a two game series today they were hoping to tighten their infield and come up with the routine play in the jam.

Yesterday the Miners came up with the good plays in the jam as they got back on the winning track by edging the Denver University Pioneers 3-2 at Dudley Field.

THE MINERS came up with four key double plays Cohen said, "We like to have those double plays, but we sure would like to tighten up the infield in the routine plays. Pitching is our game, but without an infield defense it is useless. They just go hand-in-hand."

Cohen also got another fine pitching performance from Marc Bombard, who went all the way. "Bombard didn't have the stuff he did against Southern Illinois University, but he did throw a fine solid game" he said.

"BOMBARD has a heart as big as his body. If he ever has to be takenout, it won't be because he choked."

The Miners drew first blood in the third inning after Juan Sandoval got on base on an error. He made second on a wild pitch and was then singled home by Ron Rush. Rush scored the second run on a fielder's choice. Larry Currie drove in the winning run on a long sacrifice fly.

THE PIONEERS put together their own rally in the top of the sixth inning to come up with two runs. One coming via a wild pitch and the other on a fielder's choice.

Cohen also praised Ron Hix's work behind the plate. "He is one of the most improved ball players this year," he said. "He has been making some fine stops and also hitting the ball well."

The Miners' record is now

9-4
