

Rams Shell Miners—

UTEP Can Even Colorado Series

By **MIKE PEMBERTON**

Colorado schools have taken a big bite out of the U.T. El Paso Miner baseball team this week. When Andy Cohen's Miners met University of Colorado today they were hoping to begin evening up the series.

SO FAR THE MINERS hold a 1-3 record with the Mountaineers. If they could come up with two quick wins they would break even with the Colorado schools.

It looked as like the Miners were going pull through yesterday over the Colorado State Rams until the seventh inning when two home run drives pulled the rug out and eventually cost them a 9-1 shelling.

COACH ANDY COHEN said, "Bill Disselhort, our starting pitcher just wore out. He had been throwing great until the seventh inning. In fact, if he could have held on to his stuff we would have won."

Coach Irv Ferguson of Colorado State said, "Your first pitcher had good stuff, but it looked like he just tired out."

THE MINERS downfall was like that of a distance race horse. The Rams seemed to

hold on to a tight second until the next to the last turn and put the boot in for the win.

That boot began in the seventh inning when Ram catcher Bob Holec led off with a 365 foot drive over the left center fence. With one out Zack Villano complemented Holec's drive with one of his own.

From then on the Ram's got stronger and the Miners got weaker, giving up seven unearned runs in the eighth and ninth innings.
