

Miners Split With Oklahoma

Milner Pitches Best UTEP Game

By MIKE PEMBERTON

Southpaw Harry Milner who transferred from Odessa Junior College was beginning to pay dividends today after the best pitching performance in his career at U.T. El Paso for Andy Cohen.

Milner, who is one of the few baseball players on full UTEP scholarship, came through with superb control and a curve ball that subdued the Oklahoma Sooners 2-1 in the second game of a twin bill at Dudley Field. Oklahoma won the opener 5-2.

AFTER TODAY'S game the Miners will be idle until April 9 and Sooners will be back on the road.

Milner's performance can be seen in the statistics as well as in the comments of both coaches. He limited the Sooners to four hits and sent 12 of them back to the dugout on third strikes.

COHEN SAID, "Milner kept them off balance well and looked like a pro pitcher. His curve was working when they began looking for the curve he would come in with a fast ball."

Coach Enos Semore of Oklahoma said, "Milner had good control, used his curve when he needed it and kept the ball down which made us hit on the ground."

The Oklahoma coach, who has put his team up against some of the giants in college baseball, Texas, Arizona, and Arizona State, was asked to make a comparison in the pitching of these schools and the Miners.

"THE BIG difference is they are bigger and stronger. The curve that Milner had was not any better than some of the bigger schools' pitchers, but he used it well. With Milner and another pitcher like him they could surprise anybody they play."

The major play in the game which the Miners won came in the seventh inning with the bases loaded and John Murphy of UTEP at bat. Murphy hit to the second baseman who immediately threw home. Umpire Castillo called the runner safe and the game was over.

Semore protested the call but the umpire said the Oklahoma catcher, John Johnson, lifted his foot off the ground. "I thought the umpire said he had to tag him, which he didn't. But on the call, he was closer than I was," said Semore.

COHEN ADDED, "That was a fair call the umpire made. The catcher lifted his foot off the base."

In the opener the Sooners

chalked up five runs on eight hits and a home by Ronnie Rowell and the Miners collected two runs on Ron Hix's third homer of the year in the first inning.

The Miners record is now 11-9 and the Sooners are 5-6.
