

Highlands, Miners Cancelled

A thick blanket of snow cancelled a baseball game Saturday between the University of Texas at El Paso and New Mexico Highlands.

The game had been scheduled for Dudley Field but with two inches of snow on the ground, play was impossible.

Coach Andy Cohen's Miners next appearance is next Friday when U.T. El Paso opens Western Athletic Conference play against Arizona in Tucson.

The Miners next home appearance is April 11-12 against top-ranked Arizona State University.
