

Sandoval New Bowie Mentor

Juan Sandoval, mathematics teacher at Bowie High School has been appointed varsity baseball coach at Bowie. He succeeds Santos (Kayo) Perez.

Sandoval coached the Bowie baseball team towards the end of the season this year when Perez had to leave the team due to his health. He will coach the team in addition to his math assignment.

A graduate of Jefferson High School, Perez received a B.S. degree from the University of Texas at El Paso. He came to El Paso Independent School District in 1973 and was assigned to Bowie where he has taught math.

Sandoval played baseball at Jefferson and also for the U.T. El Paso Miners under the coaching of Andy Cohen.

Armando Gutierrez, assistant superintendent for athletics at EPISD, said, "Sandoval did a commendable job for the Bears in the absence of Perez so we feel he will be a real asset to the Bowie sports program."
