EL PASO — It's been a long, long time since University of Arizona senior righthander Dave Breuker has given up a run.

So long, in fact, that as far as his opponents are concerned, home plate might as well be in New Jersey.

Breaker pitched a second straight shutout yesterday as the Wildcats handled Texas-El Paso's Miners, 10-0, in the opener of a three-game Western Athletic Conference Southern Division series.

The nine-inning stint left Breuker with 32 and one-third innings of consecutive shutout pitching as he collared his 14th

triumph of the season without a defeat. It was his fifth shut-out of the year.

Somebody suggested Breuker's 32 and one-third innings was probably a record.

"Okay, we'll call it one," grinned the Amphi High School graduate who shut out New Mexico, 4-0, last week, and pitched eight scoreless innings the week before in a suspended 6-0 victory over Arizona State.

Breuker hasn't been scored on since the UTEP series in Tucson, when the Miners' Mark Miller hit a two-run home run in the third inning.

Breuker, who needs but one victory to match the UA all-time best recorded by Don

Lee (15-0) in 1956, started the Cats off right in this critical WAC series.

Arizona, now 51-4 overall and 11-2 in the WAC Southern Division, took on the Miners (24-22, 2-11) in a doubleheader today. Righthanders Mark Schimpf (11-0) and Ron Bell (3-0) were scheduled to start for coach Jerry Kindall.

UA needed a sweep today to retain its one-game edge on Arizona State — which is playing New Mexico in Albuquer-

ing New Mexico in Albuquerque — and set up the big showdown between the two rivals next Thursday, Friday and Saturday in Tucson. The Sun Devils beat the Lobos 1-0 last night.

Despite the easy victory

yesterday, Kindall was uneasy.

"It's going to be a real fight," he said. "We've got to be 100 per cent. It's a human reaction to become lax after a win like this, but we must not let our players do that. And I don't think they will."

Kindall, saying the 10-0 "wasn't that easy at all," expects to see UTEP throw righthander Roy Stringer against Schimpf in the seven-inning opener today.

Stringer defeated UA in relief earlier in Tucson and also recorded a victory over A-State. As expected, UTEP coach Andy Cohen held Stringer out of yesterday's opener, hoping to get a better shot at a victory today.

What he did was throw righthander Bob Knox to the wolves.

Scott Norris' two-run single was a big blow in the third inning as UA ripped off to a 4-0 lead. Norris drove in two more in the fifth off Knox, putting the Cats up by 6-0.

Ken Bolek came off the bench to deliver a 350-foot two-run home run over Dudley Field's right field fence in the eighth to chase Knox and Marv Thompson greeted reliever Tony Medelin with a two-run double to close UA scoring.

Breuker toiled in warm, sunny weather at dusty Dudley Field and said he liked it.

"When it's nice and warm

like that it keeps your loose," he said. "The field is not all that bad, it's just that you never know what to expect from them (UTEP). I just wanted to go out and throw my game — and I did."

Breuker scattered five hits, walked three and struck out nine, bringing his strikeouts total to 100 in 110 and two thirds innings.

"I thought Dave had his best stuff against ASU," said Kindall. "But he was good today. He was getting his change-up in for strikes and keeping them off balance."

As is the norm here, unusual ground rules were in effect. A sign painter stayed in left field the entire game sprucing up

Dudley for the Class AA El Paso Diablos. Anything his near him was ruled playable.

In addition, anything hit of the power lines in right field was playable. Nothing was.

On top of that, UA had its long bus trip here and had to play extra early both yesterday and today because of Diablo's games.

"Well, it's unusual," smiled Kindall. "But it's like we told the ball club this morning: Championship teams overcome that type of thing."

"Good ball players play harder and more intently in this type of situation."

The No. 1-rated Cats took their usual verbal abuse from

the smattering of people in attendance in stride.
