

Hack Named Denver Pilot

DENVER (AP) — Stan Hack, former Chicago Cubs manager and a Cub infielder for 16 seasons, has been named manager of the Denver Bears of the American Assn.

Hack, who will be 49 on Dec. 6, was a coach for the St. Louis Cardinals the last two seasons. He succeeds Andy Cohen as skipper of the Denver club at a time when the Bears have ended their four-year affiliation with the New York Yankees. So far they have not tied up with any other major league team for the 1959 season.

General Manager Bob Howsam of the Bears, who announced the appointment, said Hack's "background of 16 years of playing in the major leagues, plus 9 years of managing experience and 2 years of major league coaching, certainly equips him admirably for the post."
