

IN PITTSBURGH'S WACO GAME

New Orleans Planning To Start 3 Ex-Wacoans

It will be Waco graduate against Waco graduate when the Pittsburgh Pirates come to town Friday afternoon to meet the New Orleans Pelicans.

Pirate manager Bobby Bragan has already promised to start at

least four former Waco Pirates, and now Pelican boss Andy Cohen has announced he expects to have three in his lineup, barring a last-minute change.

The Waco representatives among the big leaguers are outfielders Bob Skinner and Lee Walls, catcher Danny Kravitz and pitcher Bob Friend.

New Orleans will counter with either Dutch Van Buren or T. R. Taylor at first, John Powers in the outfield and Myron Hoffman on the pitching staff. All are former Katy Park performers.

The big game starts at 3 p. m. Waco general manager Buster Chatham announced Wednesday a special 50-cent ticket will be available for all students.

While Cohen was eager to plan for the Pittsburgh clash, his main attention Wednesday was focused on a night session which was expected to last after midnight. From that meeting, presided over by Pittsburgh farm boss Branch Rickey Jr., will come New Orleans' 1956 team.

Once the New Orleans team is set, of course, then the pieces for the other seven clubs in camp will start falling in place. That means Waco's roster-making time is getting near.

110,000-Seat Field Is Offered Giants

NEW YORK, April 4 — UP—Private investors offered the New York Giants the most colossal ball park of all time Wednesday, a 110,000-seat stadium to be built on "stilts" over the main line of the New York Central Railroad in the heart of the world's largest city.

Manhattan borough president Hulan E. Jack said it was "virtually certain" that the plans for the park would go through and that it could be made ready no later than 1960.

"The next move is up to the Giants," Jack, the Negro head of the borough declared. "We expect to meet next week with Horace Stoneham, the president of the Giants, and if a deal can be negotiated for the Giants to occupy the park on a long time lease, I'm sure the plan will go through."
