

Szczeczewski's 1st Triumph

By MAX GREENWALD, Star Sports Writer

St. Paul, Minn.—Ed Szczeczewski gained his first American Association pitching victory last night and the Indianapolis Indians' rookie had to be calm under fire in doing it.

The 20-year-old righthander, up from class C, was knocked out in the fourth inning by Omaha at Indianapolis last Sunday but was superb in the clutch against St. Paul last night.

He hurled with runners on the sacks in every inning but the ninth in pitching the 5-1 verdict.

It was Manager Andy Cohen's intention to use Roger Howard against the Apostles but How-

ard has been suffering from the flu.

Although Szczeczewski allowed 10 hits, the Saints did not have an earned run.

Meanwhile, in their first appearance in the new St. Paul park, the Indians clubbed 13 hits. The blows including five doubles and Dick Dittusa's first Association homer.

THE LOSS was the fourth in a row for the Apostles, who haven't won yet in their new arena.

It looked bad for Szczeczewski in the first when Bob Lillis and Jack Spears started with singles. Cohen came out to the mound for a chat, then Don Demeter made it three on with a single to deep short.

A pitch got away from Catcher John Romano and Lillis scored on the passed ball. Szczeczewski then got Dick Gray on a short fly and fanned Bud Hutson.

The rookie rebuffed the Saints after Dixie Howell led off the second with a double. There were two on in the fourth when Lillis grounded in to a force out.

Norm Larker doubled in the fifth but Demeter and Gray couldn't advance him.

JOHN GLENN started the eighth with another two-bagger and there was a walk to Howell but they just helped build up the St. Paul left-on-bases total to 11.

Dittusa, who had gone nine straight times without a hit, solved an 0-2 pitch from Bob Milliken for his 385-foot homer over the wall in left center, in the third.

Dittusa wound up with three hits, along with Vince Garcia and Charlie Williams.

Garcia has had eight hits in 14 times at bat in the last three games to put his season average at .341.

Williams was in the lineup at third base in place of Don Prohovich, who had slumped to .091.

The Indians went ahead, 2-1, in the fourth on doubles by Jim Deling and Garcia. Deling's clout went to the fence in left center, Demeter getting to the ball then dropping it.

MILLIKEN WAS routed in the eighth when the Tribe iced the tilt with its other three tallies.

Williams doubled and Deling walked before the scoring started after two were out.

Romano singled to left, Williams sliding in at home just ahead of Glenn's throw. Deling went to third on the play and scored when the squeeze worked perfectly. Garcia's bunt toward third went for a hit. Dittusa singled over the final run before John Fornis relieved Milliken.

Bill Nishita blanked the Indians in the ninth although there were singles by Williams and Ted Beard.

Cohen must consider it an achievement being successful on a try for home as Glenn in the seventh caught Garcia attempting to reach home from second on Dittusa's safety. Glenn also threw out an ambitious Tribesman in the series at Indianapolis.

HIT-AND-RUN — Four players have been added to the St. Paul roster; Pitcher Glenn McMinn, from Los Angeles; Pitcher Danny McDevitt, from Montreal; Pitcher Ronald Wells, from Fort Worth; and Infielder Jim Clark, from Fort Worth. Departing were Outfielder Bob Jenkins, and Pitcher Glen Mickens, to Los Angeles.

The well-traveled Clark put in a month early in the 1951 season with Indianapolis.

Minneapolis won the American Association opening-game attendance trophy for the second straight year. The Millers attracted 10,472 Thursday. The Minneapolis winning attendance in 1956 was 18,366.

Tribe Pitcher Barry Latman's next outing may be delayed a day or two. He jammed a

gled out Gutowski after the Occidental athlete had cleared 15 feet 4 inches in Los Angeles on April 6 in a meet against the University of Southern California.

WARNERDAM, reached at his 10-acre farm near Fresno, Cal., said, "The record isn't anyone's to keep. You just have it for a while."

The big Dutchman, assistant track coach at Fresno State College, was ploughing a field when his wife heard by telephone of Gutowski's vault. His first reaction, "It couldn't have happened to a nicer guy."

Gutowski, whose performance overshadowed the Stanford-Occidental dual meet won by Occidental, 72-59, said he "felt good before the meet but didn't necessarily think this was going to be my day to smash the record." He said he was a "little nervous" because of pre-meet publicity regarding a possible record.

"I had the height on my big jump," he said, and knew I was over when my feet crossed the bar."

He arched over with several inches to spare.

"At 16 feet," Bob said, "my hands slipped on the first jump and I was too tired on the second and third."

The Oxy vaulter barely got off the ground on his first 16-foot attempt and kicked the bar the other two times.

Gutowski recently switched back to a steel vaulting pole after using the new fiber glass model during the winter indoor season. "I get a better grip on steel," he said.

GUTOWSKI said he held the pole 13 feet, 8 inches from the end on his record try. When the bar was raised to 16, he moved out to 13 feet 10 inches. Warnerдам gripped the pole at 13 feet, 11 inches when he set the outdoor mark.

The 6-foot, 150-pound chemistry major, who celebrated his 22d birthday Thursday, predicted he'd vault 16 feet before he quits. "That's just about my limit, I think," he added.

En route to the record, Gutowski cleared 13 feet, 6 inches, 14 feet, 4 inches, 15 feet and 15 feet, 4½ inches, all on his first try.

Gutowski, who placed second to The Rev. Bob Richards in the 1956 Olympic Games, had been inching toward the record all season after vaulting 15 feet, 6 inches indoors at the Millrose Games in New York this winter. His Millrose effort tied him with Richards for second best indoor in history.

Bob almost didn't make the trip to the Olympics after finishing fourth in the U.S. trials at Los Angeles. But the third place man, Jim Graham of Oklahoma A & M, withdrew in favor of Gutowski because "Bob's a much better vaulter."

Gutowski did 14 feet, 10¼ inches in the Olympics.

In bettering the outdoor mark, Gutowski failed to match his prediction that "the day anyone tops Dutch Warnerдам's record, he'll also clear 16 feet."

Besides his vaulting performance, Gutowski also had a best-of-life effort yesterday in the broad jump, leaping 24 feet, 5½ inches for second place behind Stanford's Frank Herrmann's 25 feet, ¼ inches.
