

Ponce, Papai Slated For Tribe Tonight

By MAX GREENWALD

Two veteran knuckleballers will pitch for Indianapolis tonight as the Tribe seeks to get back on the winning trail.

A doubleheader with Minneapolis, starting at 6:30 o'clock, is booked following postponement of last night's twin bill. The fireworks, also planned last night, will be put on tonight between games of the Victory Field card.

TONY PONCE and Al Papai are the pitchers getting Manager Andy Cohen's assignments against the Millers.

Ponce has four straight victories in his 5-2 record but hasn't any decision against Minneapolis.

Papai is 3-4, with one loss to the Miller, having been bat-

ted out in the sixth inning April 26.

Manager Red Davis of Minneapolis picked a pair of left-handers for mound duty—Gene Bearden and Vibert Clarke.

BEARDEN IS 3-0 since being transferred from the Pacific Coast League. He had one bad showing when Wichita ousted him during an eight-run first inning but the Millers came back to win this tilt.

Clarke is 1-3, having looked better in relief work than as a starter. In a relief job against the Tribe May 23, Clarke allowed only one hit in three and two-thirds innings.

The Indians are anxious to return to the victory column as they open a 17-game home stand. Two losses Thursday night at Louisville have left a bad taste and, as Cohen said, "I'm downhearted."

The Tribe manager hopes to get fulltime duty soon from Jim Delsing, his .364-hitting outfielder.

DELSING FAVORED his injured right leg in running out a line-drive flyout while pinch-hitting Thursday.

The Indianapolis management also would like to continue its attendance improvement. There have been 24,424 paying customers for the 13 openings thus far, as compared to 14,593 for the same number in 1956.
