

Tribe's 11 Hits Aren't Enough

By MAX GREENWALD
Star Sportswriter

Denver, Colo. — Eleven-hit production wasn't enough for the Indianapolis Indians last night and they lost to Denver, 7-4.

Ed Donnelly went the route for the Bears and stayed out of additional trouble with good control as he didn't walk a batter.

The lefthander received 13-hit batting support, including home runs by those consistent thorns to the Tribe—George Wilson and Marv Throneberry.

Denver went ahead with an unearned run in the first inning. Bob Oldis rapped a single off Duke Markell's glove and the pitcher, making his first start for Indianapolis, threw past first. Oldis reached second on the error and scored on Norm Siebern's two-out single past second.

SINGLES by Ron Jackson and Neil Chrisley, Curt Roberts' throwing error and Sam Hairston's two-run double put the Indians in front, 3-1, in the second.

Roberts' double was the big

hit as the Bears scored twice in the third to tie the count at 3-3. George Wilson's infield hit drove across one run and the other came over on a force play.

Don Prohovich's double, followed by singles by Charlie Williams and Jim Delsing, regained the edge for the Tribe in the fifth.

The tilt was deadlocked again at 4-4 in the fifth when Wilson slammed his seventh home run of the season over the right-field wall.

Marv Throneberry's 13th homer was lined over the centerfield fence to break the deadlock in the seventh. The clout also registered Siebern.

When Jim Pisoni doubled, his first hit of the series, Markell was removed with one out. George Spencer retired the next two batters.

ROBERTS singled in the eighth, stole second and reached third when Prohovich let Oldis' grounder get through. Southpaw Tom Flanigan then relieved Spencer.

The Bears executed a double steal, Roberts sliding in at home. Umpire Gerry Van Keuren's decision was disputed vehemently by Manager Andy Cohen.

But it went as the 14th theft by Roberts, the league leader. Except for the steals, the Bears wouldn't have scored because Flanigan retired both Wilson and Siebern on strikes.

Hairston belted his third hit, a double to right center, as first up in the ninth but the Indians couldn't advance him.

Studies Keep Bell From AAU Meet

Dayton, O. (Spl.) — Two of Indiana's three great Olympic champions were primed today for possible world record performances in the annual two-day championship carnival of track and field—the National AAU meet—which opens here tonight.

A third — Greg Bell — last night withdrew from the meet due to summer school at Indiana University. He would have been virtually unchallenged in the broad jump, except by the shadow of Jesse Owens' world mark.

However, two of the Hoosiers will be battling it out with each other in the 120-yard high hurdles—Milt Campbell, the ex-Indiana University athlete now competing for San Diego Navy, and Lee Calhoun of Gary, Ind., representing North Carolina.

There'll be plenty of world champions in the meet, including Al Oerter, Parry O'Brien, Bob Gutowski, Charley Dumas, Bud Held, Ancel Robinson, Tom Courtney and Max Truex of
