

Flowers Hurls Against Stars

Denver (AP) — Manager Andy Cohen yesterday designated Ben Flowers to be Denver's starting pitcher against the American Association All-Stars tonight.

The Bears gained the right to play the All-Stars by being in first place after games of July 4 but lost the top spot last night to Charlestown.

Manager Ben Geraghty of Wichita is directing the All-Stars but won't make his pitching selection until today. He has seven pitchers to choose from but several of them, including Barry Latman of Indianapolis, hurled yesterday.

John Callison, who will be in right field, is the only Indianapolis player definitely set in the All-Star starting lineup. Catcher John Romano is the other Tribesman on the squad.
