Pershing Exhibit Opens Saturday

The Replica Museum at Ft. Bliss is having a week-long exhibit entitled the Pershing Expedition Display to open on Saturday and to continue through March 11. The exhibit — open to the public — can be seen from 9 a.m. to 4:45 p.m. daily.

This exhibit is part of the Replica Museum's Board of Directors' present plan to feature periodic informative displays. The exhibit will focus attention on a phase of Gen. John J. Pershing's pursuit of Pancho Villa in 1916-1917 which should be of interest. It will reveal Pershing and Villa as strong leaders of men, the press coverage of events by such well-knowns as Carson Romney and a look into the lives of the soldiers who served during the expedition.

Historical articles have been loaned by the Pancho Villa Museum and Radford School for Girls for the display. In addition to the Ft. Bliss display, the main El Paso library and Ft. Bliss libraries are cooperating by having books on this era of southwestern history available. They, too, will feature special displays.

'Dick Gregory In Concert' Next Lyceum Performance

Dick Gregory, black humorist, author, and the civil rights leader who ran for the presidency in 1968, is the next featured performer in The University of Texas at El Paso's Lyceum series. The program, titled "Dick Gregory in Concert," will be presented at 8 p.m. March 11 in Magoffin Auditorium.

Gregory's latest book is "No More Lies: The Myth and the Reality of American History," edited by James H. McGraw and published in January, 1971, by Harper and Row. He is also the author of "Nigger," "The Shadow That Stares Me" and "Write Me In!"

Tickets to "Dick Gregory in Concert" may be obtained at the University Ticket Center, the Union ticket in university students, faculty and staff are available upon presentation of ID cards.

Also, Gregory, Newswest, a 44-year-old black comedian of considerable stature or exposure in the last decade has avoided the casting of criticism as harshly as Dick Gregory.

Gregory's professional career as an entertainer has been interrupted in the past five years by his involvement in civil rights issues and his protests against the Vietnam and Cambodia conflicts. In addition, he has appeared at colleges and universities throughout the country to "rag" with students on social issues. Currently he is again appearing in nightclubs but says performing is likely to remain only part of his future commitments.

Gregory is also a member of the Women's Auxiliary of Providence Memorial Hospital where she serves as a volunteer staff worker and is currently serving on the executive board.

Mrs. Bailey is also a member of the Women's Auxiliary of Providence Memorial Hospital where she serves as a volunteer staff worker and is currently serving on the executive board.

Texas Employment Group Says 1,400 Less Employed

There were 1,400 fewer persons employed or looking for jobs in El Paso, during January, than in December, according to the monthly publication of the local office of the Texas Employment Commission issued Wednesday.

The number of persons making up the civilian labor force dipped from 125,780 in December to 124,380, the report said, but the number of unemployed dropped by only 100, from 6,000 to 5,900.

J. W. Gallahan, TEC office manager, said the reduction in the labor force can be attributed to a several reasons: Persons moving away from the area, students who started school at midyear, farm workers taking jobs in other areas, and other causes. With the small reduction in unemployment the figures dropped only 1 per cent to 4.7 per cent of the work force, a figure seen as continuing through April.

The report indicated substantial increase in manufacturing wages paid in El Paso in January, compared with December, as working hours increased.
