

Miner 9 To Follow Tough Act

Andy Cohen's U.T. El Paso Miner nine had a tough act to follow today when they met Southern Colorado in the second game of a two game series at Dudley Field.

Cohen's nine scored the first triple play since baseball has been a sport on the campus, taking a 7-0 shutout in the process over Southern Colorado yesterday.

THE SHUTOUT was led by the pitching of Harry Milner who scattered five hits, fanning six.

"Milner was really mixing it up," Cohen said. "Since he has developed a screwball his pitching has become more effective."

HITTING was led by Bob Prokopowicz, who had a triple and a single, driving in two runs. Johnny Miller and Juan Sandoval also helped out with the stick.

Another of the highlights of the game came in the fielding department in the second inning. Ernie Hernandez, taking over for Rick Butler, squelched a possible rally with a diving catch on a line drive.

Cohen said the triple play developed before he knew it actually happened. With men on first and second the batter hit to the infield and the Min-dore H. Wischkaemper, Fort ers worked a double off the man on first and the batter. The man on second tried to score, but was thrown out at home.
