

Fundamental Work Set For Miners

Coach Andy Cohen's U.T. El Paso Miners found themselves "completely outclassed" today.

This is the way Cohen summed up the three-game sweep by Arizona in Tucson last week. Arizona won the games 12-5, 6-0 and 5-2.

"They just outclass us," Andy said.

Cohen did have a kind word for his pitchers despite the losses. "My pitchers were commendable," he said.

This week Cohen will have the team working on the bare fundamentals.

They meet New Mexico in a three game stand at home this week, but the game site might be changed from Dudley Field.
