

Miners End With 7-11 WAC Mark

Andy Cohen's U.T. El Paso baseball club wound up its second Western Athletic Conference season with a deficit but gave notice that its dormat days may be ending.

The Miners finished the season with a 7-11 WAC record. Last year they won only three loop games. This year they beat New Mexico four games, won two from Arizona State and won one against Arizona. Overall, the Miners were 26-23. They were 17-29 a year ago.

THEY LOST their final two games of the season Saturday, bowing to New Mexico 5-3 and 7-2 in Albuquerque. Errors hurt the Miners in the first game and six Albuquerque stolen bases helped beat the Miners in the second game. "They're fast," Andy said about the Lobos.
